Für Autor Jürgen Barth war dieses Buch eine Herzensangelegenheit. Schließlich gelang dem Rennfahrer und langjährigen Porsche-Mitarbeiter mit dem Sieg bei den 24 Stunden von Le Mans auf einem Porsche 936 der größte Erfolg seiner Karriere. Gemeinsam mit seinem Co-Autor Bernd Dobronz zeichnet er nicht nur die Entstehung und Weiterentwicklung dieses offenen Sportprototyps akribisch nach. Auch über alle Werkseinsätze des Porsche 936 bei den Rennen zur Sportwagen-Weltmeisterschaft und bei den 24 Stunden von Le Mans wird auf Basis der von den damaligen Ingenieuren angefertigten Aufzeichnungen spannend und informativ berichtet.

Dabei ist nicht nur die Monographie eines bislang viel zu wenig beachteten Erfolgsmodells der Porsche-Rennhistorie entstanden. Den Autoren ist es vielmehr gelungen, auch die Geschichten rund um die Triumphe und Tragödien der damaligen Zeit zu erzählen und damit das Flair einer besonderen Epoche des Rennsports einzufangen.

Die Aufzählung der wichtigsten mit dem Porsche 936 untrennbar verbundenen Personen und Fahrern, eine Übersicht aller mit dem Porsche 936 und den mit ihm verwandten Typen bestrittenen Rennen sowie exakt recherchierte Fahrzeughistorien der Typen 908/03 Turbo und 936 runden dieses einmalige Zeitdokument eindrucksvoll ab.
