Beschreibung

Realität oder Fiktion?

Dieser Roman ist beides zugleich, typografisch ausgewiesen.

1987 kommt im Untersuchungsgefängnis Hanau ein führender Manager einer westdeutschen Atomenergie-Firma auf spektakuläre, überaus mysteriöse Weise ums Leben. Ein anderer wurde zuvor nachts von einem Zug in Hannover-Linden überfahren, tot auf den Gleisen gefunden. Beides ist Realität.

Im Roman ist das der Anlass für ein Team investigativ arbeitender Bonner Journalisten eines kleinen, unabhängigen Energie-Magazins, sich der Fälle anzunehmen. Je hartnäckiger und tiefschürfender ihre Recherchen sind, umso gefährlicher wird ihre Arbeit.

Bei der Atomwirtschaft geht es damals wie heute um Milliarden-Geschäfte. Die Unternehmen verhalten sich wie im Krieg. Der Boss eines Atomkonzerns herrscht wie ein Feldherr, seine Manager sollen Befehle befolgen wie Soldaten. Sie haben nicht zu fragen, sie sollen gehorchen. Ihre Waffen sind Schwarze Kassen im In- und Ausland, Scheinkonten, Schmiergelder. Die Schlachtfelder sind Nobelherbergen und Edelrestaurants, Büros und Bordelle. Es geht um Aufträge mit horrenden Summen. Ein Insider, der aussteigen will, begibt sich in Lebensgefahr. Ein Politiker, der reden will, stirbt auf mysteriöse Weise in einer Badewanne.

Der hier beschriebene, akribisch recherchierte Fall ist der größte deutsche Atomskandal, der zum tiefgreifendsten Einschnitt in der Geschichte der deutschen Atomwirtschaft führte. Dieser Tatsachenroman schildert das, was wirklich passiert ist und bis heute nicht bekannt wurde. Er nennt die Namen aus Politik und Wirtschaft, die damit verbunden sind, von 1987 bis heute. (Die Namen der umgekommenen Manager wurden aus Rücksicht auf die Angehörigen geändert.)

Der Tatsachenroman belegt, was damals alles dafür getan wurde, die heutige Angst vor einem möglichen nuklearen terroristischen Attentat sehr plausibel erscheinen zu lassen. Akten verschiedener deutscher Landeskriminalämter, von Staatsanwälten, der DDR-Stasi und des BND untermauern dies. Ein äußerst spannender Stoff. Dokumente parlamentarischer Untersuchungsausschüsse aus Bonn, Brüssel und Wiesbaden sprechen darüber hinaus eine eigene, deutliche Sprache. Die Recherchen spiegeln die Wirklichkeit

in der deutlich abgesetzten Schriftform.

Meiner Lektorin, Frau Dr. Ulrike Brandt-Schwarze danke ich, dass sie meinen Text so flüssig gemacht hat, dass ich mich beim Lesen gefragt habe: Wer hat den bloß so geschrieben? Und ihn mir zum Ärger meiner Frau in einer Nacht in einem Rutsch reingezogen habe.
