A guitarra latina (left) and a guitarra morisca (right), Spain, 13th century At least two instruments called "guitars" were in use in Spain by 1200: the guitarra latina (Latin guitar) and the so-called guitarra moresca (Moorish guitar). The guitarra moresca had a rounded back, wide fingerboard, and several sound holes.

Cantiga 150. El nombre de mandora deriva del término pantur, instrumento sumerio del que proviene. También se le conoce con los nombres de mandurria y bandurria. Es un laud corto con caja en forma de pera, trastes y clavijero en forma de hoz. Es un instrumento híbrido entre la guitarra latina (a la izquierda) y el laud.

According to this theory, the Spanish guitar derived from the tanbur of the Hittites, kithara of the Greeks, and later the cithara of the Romans. four string guitar had evolved into two types: the guitarra morisca (Moorish guitar) which had a rounded back, wide fingerboard, and several sound holes, and the guitarra latina (Latin.

. by the Roman Empire across the continent. Historians estimate it entered Spain in 400 B.C.. Over the next few centuries, this instrument began to change. And in 14th century Spain, there were already two kinds of guitars. One of them was called “Guitarra Latina” (en: Latin Guitar), which eventually became Spanish guitar.

In Spain of the 13th through 15th centuries, two instruments could be called "guitar": the *guitarra moresca*, a lute shaped instrument; and the *guitarra latina*, a more guitar like shaped instrument. As this period ended, the instruments were more commonly called *guitarra* and *chitarra*. A third instrument, the *vihuela de mano*.

There was a distinction made between *Guitarra Latina* and *Guitarra Morisca*. The latter was brought by the Moors, hence, its name. Its soundbox was oval and it had many sound holes on its soundboard. The Arabs, passing through Egypt on their way to complete the great Muslim conquest of North Africa and Spain, may.

This flat-backed instrument evolved into the *Guitarra Latina* or the Spanish Guitar. While the Arabs knew it as *al-Qitara*, they introduced their own stringed musical instrument to the peninsula in the form of *al-ud* (or *laud*, in Castilian). This Arabic lute of Mesopotamian origin was most likely introduced to Andalusia by *Ziryab*.

The History of the Guitar. The guitar is a plucked stringed musical instrument that probably originated in Spain early in the 16th century, deriving from the *guitarra latina*, a late-medieval instrument with a waisted body and four strings. The early guitar was narrower and deeper than the modern guitar, with a less pronounced.

In the 14th century the Spanish poet Juan Ruiz[19] sowed the seeds of discord among modern musicologists and organologists by differentiating in his *Libro de Buen Amor* between two kinds of guitar : the *guitarra morisca* and the *guitarra latina*. Let's hope our modest contribution could shed some light on this problematic.
