of lights in the sky heading westward. Considering it's about two weeks too soon for Santa to be on the job, and taking out a Red Dawn scenario or an alien invasion, people.

Believers describe God as a strategic social agent who perceives human thoughts and actions. Thinking about God therefore might make believers feel as if their behavior is being monitored, a possibility we call the supernatural monitoring hypothesis. Three studies offered new and converging empirical support for this.

Daniel Dancer and his Sky Captains work with schools, communities and companies in the creation of giant living paintings made of people that only make sense from the sky. Art For The Sky is a powerful art form that helps us awaken our.
