## Beschreibung

Comparativ. Zeitschrift für Globalgeschichte und vergleichende Gesellschaftsforschung rückt Themen einer innovativen Weltgeschichte in den Fokus und analysiert historische und aktuelle Globalisierungsvorgänge. Unterschiede und Ähnlichkeiten sowie Interaktions-, Kooperations- und Transferprozesse werden in ihrem zeitlichen Wandel und im Hinblick auf die Bedeutung und Funktion für die Verräumlichung und Enträumlichung sozialer, kultureller, politischer, wirtschaftlicher und rechtlicher Ordnungen diskutiert.

Comparativ veröffentlicht Beiträge in deutscher, englischer und französischer Sprache. Die Zeitschrift ist das Kommunikationsforum des European Network in Universal and Global History und erörtert deshalb europäische Perspektive auf Globalisierung und europäischen Entwicklungen in weltweiten Zusammenhängen besonders intensiv.

change. Those who promote specific norms also manipulate frames strategically to achieve their ends and do not necessarily convince others to alter their preferences. The global debate over 'core labor standards' is highlighted to illustrate the various means by which frames can be distorted by communicators acting.

3 Apr 2014 . What was particularly important for the editors of the Handbook is the attention given by global historians to non-European societies and regions. . it is not surprising that its structure remains distinctively Eurocentric: most themes and actors belong to the understanding of international law as a modernizing.

Due to their action–theoretical foundations, rationalism and constructivism attribute different impacts to communicated ideas on actors' identities, substantial policy interests, and/or strategic positions. In rationalist accounts, ideas communicated through speech acts of bargaining eventually yield new information on external.

Trade unions are generally supportive of well-managed labor recruitment strategies. But migration policymaking also proceeds at the European Union (EU) level. While national actors

seek to upload their national model as a blueprint for future EU policy to avoid costly adaptation, top-down Europeanization is recasting.

In order to advance the field, organizations and scholars need to frame both structural and cultural work–life changes as part of the core employment systems to enhance organizational effectiveness and not just as strategies to support disadvantaged, non-ideal workers. We conclude with an overview of the articles in this.

30 Sep 2017 . ternal and external actors through comprehensive networking, triggered by destabilizing tensions, and affected both adversely and positively by powerful non-human actors. Networking During Strategic. Change in Small Organizations. Louis J. Grabowski. Lars Mathiassen. Georgia State University.

James Eric Drummond, 7th Earl of Perth GCMG, CB, PC, DL (17 August 1876 – 15 December 1951) was a British politician and diplomat as well as the first Secretary-General of the League of Nations (LN) (1920–1933). After his time with the League of Nations he became British ambassador to Rome (1933–1939) and later.

For a number of years Bernard critically used European and American debates about governance to develop his own ideas. . Some sectors of the city can classically be organised and steered according to market logics and actors who may, or may not be dependent upon government resources to develop their project.
