8 Nov 2013 . Dealing with fragmentary texts is an unavoidable task for anyone working on the Greco-Roman world with the awareness that only a tiny portion of the texts produced in antiquity has survived the perilous process of transmission. Since the Renaissance, generations of scholars have painstakingly collected.

Callistratus, Alexandrian grammarian, flourished at the beginning of the 2nd century BC. He was one of the pupils of Aristophanes of Byzantium, who were distinctively called Aristophanei. Callistratus chiefly devoted himself to the elucidation of the Greek poets; a few fragments of his commentaries have been preserved in.
